

## Green.Building.Solutions. (GBS) Summer University July 20 to August 11, 2019

A renowned Vienna-based design and engineering programme, which brings together expertise from across the globe to identify ways to make buildings more sustainable.

**With a scholarship the participant only needs to pay €490  
(instead of €2000 for students or €2490 for professionals).**

### **Included in this fee:**

- All costs for the lecturers and lecture hall reservations
- All costs related to lecture-related activities (trip to the Danube University Krems, field trips and excursions)
- Studio space for the students and guidance by three professors for the group design project
- All costs related to extracurricular activities
- Catered events (opening and closing ceremonies, traditional wine tavern dinner in Krems)
- Local transit tickets for the duration of the summer university
- Some light refreshments during the lectures
- Fully furnished accommodation in an OeAD-Passive House student dormitory, with an option to extend the stay an extra week at no extra cost

### **All participants must pay for the following:**

- Travel tickets to Vienna
- Insurances (health and household insurance)
- Food and laundry during their stay in Austria
- Costs for obtaining a visa for Austria, if needed

**Phone:** +43 1 53408 812
